# AFTER HOURS BIG BAND

Started 12 years ago by members of the Newmarket Citizens Band, the After Hours Big Band has become a vital member of the York Region music scene. "After Hours" reflected both the commitment of the original members who wanted to play big band repertoire after their regular community band rehearsals, and the late evenings in which they would enjoy each other's company.

Under the leadership of Michael Kearns, members perform authentic and challenging repertoire that balances tradition in jazz with innovation in big band writing. With various skill sets and experience levels, the emphasis is on the ensemble's sound and how each member can be inspired to continue his/her own music education. The AHBB serves to inform, entertain, and unite fans of jazz and keep the big band tradition alive.

The After Hours Big Band continues to thrill audiences at concerts and festivals in Ontario, such as the Newmarket Music Festival, Aurora Jazz+ Music Festival, the Unionville Big Band Festival, and numerous private events and fund-raisers in the York Region.
